

will include the results of its analysis of issues raised in any such case briefs.

The Department shall determine, and the Customs Service shall assess, antidumping duties on all appropriate entries. We have calculated an importer-specific assessment rate based on the ratio of the total amount of antidumping duties calculated for the examined sales made during the POR to the total entered value of the examined sales. This rate will be assessed uniformly on all entries of that particular importer made during the POR. The Department will issue appraisement instructions directly to the Customs Service.

Further, the following deposit requirements will be effective for all shipments of extruded rubber thread from Malaysia entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided for by section 751(a)(1) of the Act: (1) The cash deposit rates for Filati, Heveafil, Rubberflex, and Rubfil will be the rates established in the final results of this review, except if the rate is less than 0.50 percent and, therefore, de minimis within the meaning of 19 CFR 351.106, the cash deposit will be zero; (2) for previously reviewed or investigated companies not listed above, the cash deposit rate will continue to be the company-specific rate published for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or the less-than-fair-value (LTFV) investigation, but the manufacturer is, the cash deposit rate will be the rate established for the most recent period for the manufacturer of the merchandise; and (4) the cash deposit rate for all other manufacturers or exporters will continue to be 15.16 percent, the all others rate established in the LTFV investigation.

These deposit requirements, when imposed, shall remain in effect until publication of the final results of the next administrative review.

This notice serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

This administrative review and notice are in accordance with section 751(a)(1) of the Act (19 U.S.C. 1675(a)(1)) and 19 CFR 351.213.

Dated: November 2, 1998.

Postponement of Final Results of Review

On September 25, 1997, the Department of Commerce (the Department) initiated an antidumping administrative review of the antidumping duty order on gray portland cement and clinker from Mexico (62 FR 50292). On September 10, 1998, we issued our preliminary results of review (63 FR 48471). The final results of review are currently due January 8, 1998. Due to an increase in case assignments, we transferred this case, on October 1, 1998, to another team of Department personnel for calculation of the final results. This transfer requires time for the newly assigned team to become familiar with the case. Also, the current final due date conflicts with several existing deadlines of the new team. For these reasons, we have determined that completion of the review within 120 days from the publication of our preliminary results of review is not currently practicable and, therefore, we are postponing the deadline for issuing these final results of review until no later than March 9, 1999.

This extension is in accordance with section 751(a)(2)(C) of the Tariff Act of 1930, as amended, and 19 CFR 351.213(h)(2).

Dated: November 2, 1998.

Susan Kuhbach,

Acting Deputy Assistant Secretary for Import Administration.
